

RITE-AWAY Relocatable Buildings

U.S. Door & Building Components' line of relocatable buildings provides additional storage when you need it: RITE-AWAY. Manufactured completely from hot-dipped galvanized steel components and available in your choice of two pre-finished building colors and 22 door and trim accent colors.

As fully relocatable units, these buildings may qualify for multi-year equipment leasing packages allowing for an accelerated depreciation schedule. This results in financial benefits "RITE-AWAY" with minimal up-front costs. These buildings are suitable for existing self-storage sites requiring a few more units, construction job sites, transportation hubs, schools, utilities companies, retail establishments, sports complexes and marinas.

- **IDEAL FOR TEMPORARY STORAGE** – Replaces unsightly sea containers.
- **MAXIMUM FLEXIBILITY AND LAND USAGE** – Buildings can be grouped side-by-side or back-to-back in custom unit mix arrangements.
- **MAXIMIZE REVENUE** – Add immediate net rentable square feet to your new or existing project.
- **ADD ADDITIONAL STORAGE IN AREAS NOT SUITED FOR PERMANENT STRUCTURES** – Enhances businesses with odd-shaped or uneven plots of land.
- **USE AS SECURE STORAGE AT CONSTRUCTION SITES** – Can be used on lots before and during construction to store machinery, equipment and other valuables.

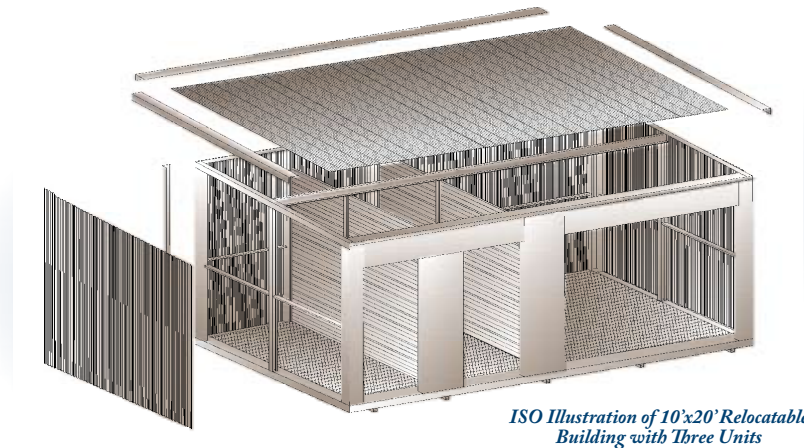

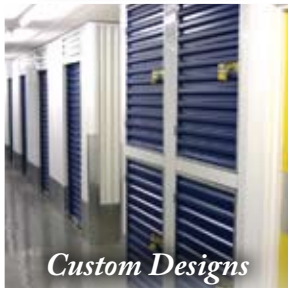

STANDARD FEATURES:

- Manufactured completely from hot-dipped galvanized steel components.
- 16-gauge diamond plate aluminum flooring over 3" galvanized corrugated steel floor deck.
